# Industrial Collaboration Drives Graduate Emp

Many universities in the world produce graduates with the best academic achievement, but it is not a interesting to compare the QS World University Rankings 2020 with the QS Graduate Employability (GE) R

Universiti Malaysia Pahang (UMP) is only 17 years old, but we are committed to producing graduates who Besides, the challenges of the Industrial Revolution 4.0 are closely related to the importance of inform requires the industry to stay tuned to keep up with the physical cyber system which involves new capal Therefore, it is crucial to have highly-skilled personnel to develop systems, applications and services analysis.

Other than that, skilled resources are among the priorities of UMP to prepare human capital to meet the n Bachelor of Technology (B.Tech) within the Malaysian Technological University Network (MTUN) seems to Technical and Vocational Education Training (TVET).

It is a great milestone for UMP to be listed for the first time the QS Graduate Employability 2020 released at #301–500 alongside UKM, USM, and UiTM. The QS GE ranking evaluation was done based on 5 indica Alumni Outcomes (25%), Partnerships with Employers (25%), Employer-Students Connection (10%), and

| INDICATOR | GLOBAL | MALAYSIA |
|---|---|---|
| *Employer Reputation 30%* | 301+ | 16 |
| *Alumni Outcomes 25%* | 301+ | 8 |
| *Employer-Students Connection 10%* | 71 | 1 |
| *Partnerships with Employers 25%* | 201+ | 13 |
| *Graduate Employability Rate 10%* | 15 | 2 |

For the criterion of Partnership with Employer, UMP is ranked #71 in the World and Asia, and #1 in Malays the Scopus Elsevier database in terms of research collaborations in 2013–2017 and the collaborations wit Fortune and Forbes.

“UMP will continue to engage with the industries, in line with the aim to provide the nation with skilled and matter, the needs of the industries will be the key agenda to develop the potential of UMP students in imp Wan Azhar Wan Yusoff.

# UMP Named as Best University in Research and Innovati University
