[Community-driven solutions for TVET self-employment: Research](#)

29 January 2024

A TVET graduate tracer study conducted in 2020 revealed that the Ministry of Rural and Co-operatives produced the highest number of entrepreneurs, 44.6% of them earning incomes below RM1,000 per month, 76.7% from service workshops and 76.7% from tailoring and clothing manufacturing. The phenomenon is a reflection of the national agenda that places a high priority on entrepreneurship and innovation.
